

- **Advance Database Management System:**

- Distributed Database Systems
- Data Mining
- Data Warehouse
- Knowledge Data Engineering
- Behavioral Mining
- Decision Trees

- **Security:**

- Network and Information Security
- Cryptography
- System Security
- Computer Security
- Digital Signal Processing
- Information Security
- Data Encryption,
- Forensics
- Fraud Control
- Intellectual Property Protection

- **Evolutionary Computing:**

- Genetic Algorithms
- Multi-Objective Optimization
- Computational Intelligence
- Neural Networks
- Evolutionary Algorithms
- Differential Evolution
- Combinatorial Optimization

- **Distributed and Parallel Processing:**
  - Parallel and Distributed Computing
  - Distributed Systems
  - High Performance Computing
  - Grid Computing
  - Cloud Computing
  
- **Digital Rights Management System:**
  - Digital Watermarking
  - Software Cracking
  - Trusted Computing
  - Optical Disc Copy Protection
  - Rights Management Languages
  - Finger Printing
  
- **Computer communication:**
  - Computer Networks
  - Data Communications
  - Mobile Computing
  - Wireless Communication
  - Mobile Computing
  - Wireless Sensor Networks
  
- **Artificial Intelligence:**
  - Robotics and Automation
  - Natural Language Processing
  - Fuzzy Logic
  - Knowledge Acquisition and Expert Systems
  - Design Automation
  - Reasoning and Decision Support Systems

- **Advance Software Engineering:**
  - Automated Software Engineering
  - Web Based Software Engineering
  - Software Testing
  - Software Project Management
  - Software Processes and Workflows
  - Computer Aided Software Engineering
  - Component Based Software Engineering
  - Software Quality Assurance
  - Artificial Intelligence in Software Engineering

### ***Important Dates***

Paper Submission Deadline:	JUNE 10, 2015
Notification of Acceptance:	JULY 15, 2015
Final Paper Submission Deadline:	AUGUST 10, 2015
Author's Registration:	AUGUST 10, 2015
ICCCT Conference:	SEPTEMBER 25 to 27, 2015
